Mandatory Contracts

These rules and provisions are subject to mandatory plan participants only:

1. Resident students who have not lived in the residence halls at USF/Tampa campus prior to the 2009-2010 academic year are required to participate in a meal membership for both Fall and Spring semesters. Summer residency is not included as a previous term of residence and does not exempt a student from the meal membership requirement for new residents. Exceptions are upperclass transfer students with 30 college attended credit hours or more (dual enrollment not accepted) living in Magnolia Apartments, Greek Village (sorority/fraternity housing), Holly Apartments, or Cypress Apartments (C and D) for two semesters.
2. **ALL CHANGES TO MEAL PLANS MUST BE COMPLETED IN THE MEAL PLAN OFFICE.** Downgrades of meal plans can only be done within the original chosen level of the Fall semester. You may opt for a different meal plan in the spring than you chose in the fall, but this change must be from within your level. Meal membership participants may upgrade a meal membership at any time in the semester. Any additional money owed is due at the time of upgrade. Meal membership participants may downgrade a meal membership within their level for any reason prior to Friday, September 11, 2009 for Fall 2009 and Friday, January 22, 2010 for Spring 2010 paying the same dollar value that was paid in the Fall Semester. The difference in the remaining value of the two memberships will be put in a Dining Dollars account and not refunded. If funds from your USF student account (OASIS) were used for payment of your Fall meal plan membership, and you downgrade your plan for Spring, you must pay the difference directly to Dining Services. Your Student account (OASIS) will only be charged for the downgraded plan and you are responsible for payment of the difference to satisfy your contractual obligations. After these dates, no downgrades will be accepted. No changes will be made to financial aid accounts after charges have been placed on the (OASIS) account and disbursement of funds has been made by Financial Aid.
3. Cancellation Policy
All cancellations, regardless of reason, are subject to a \$50 cancellation fee. All requests for meal membership cancellation as outlined below must be accompanied by documentation from USF that you have withdrawn from the university or that your housing contract has been canceled. The amount of your refund is based on the date we receive the documentation noted above. The refund value for all meal memberships, including block membership and Dining Dollars accounts, is recalculated on a weekly basis throughout the semester.
 - a) If you officially withdraw from the university and you notify us prior to the start of the academic year, your meal membership contract will be canceled and you are entitled to a full refund.
 - b) If you officially withdraw from the university after the start of the academic year, or inform us of your withdrawal after the academic year has begun, you are entitled to a refund of the remaining value of the membership, as recalculated on weekly basis and will be charged a \$50 cancellation fee.
4. Contract Buy-out: You may opt to buy out your required meal plan contract for any reason at any time. If you choose this option, we will calculate the remaining value of the membership, and you will owe half that cost (which will include the second semester, if applicable). For example, if you want to buy out your contract after the sixth week of Fall semester, you will have 10 more weeks of Fall and 16 weeks of Spring (a total of 26 weeks) left in your contract. You will be charged, according to the remaining value of your selected meal plan, for 13 weeks (half of 26 weeks). The buy-out option assumes the same meal plan will be selected for both semesters (no upgrades or downgrades will be assumed). Your Dining Dollars will be treated similarly — you will owe half the cost of the remaining Dining Dollars for your current semester and second semester if applicable.

Voluntary Contracts

These rules and provisions are subject to voluntary membership participants only:

1. Downgrades of meal plans can only be done within the original chosen level. You may opt for a different meal plan in the spring than you chose in the fall, but this change must be from within your level. Meal membership participants may upgrade a meal membership at any time in the semester. Any additional money owed is due at the time of upgrade. Meal membership participants may downgrade a meal membership for any reason prior to Friday, September 11, 2009 for Fall 2009 and Friday, January 22, 2010 for Spring 2010 paying the same dollar value that was paid in the Fall Semester. The difference in the remaining value of the two memberships will be put in a Dining Dollars account and not refunded. If funds from your USF student account (OASIS) were used for payment of your Fall meal plan membership, and you downgrade your plan for Spring, you must pay the difference directly to Dining Services. Your Student account (OASIS) will only be charged for the downgraded plan and you are responsible for payment of the difference to satisfy your contractual obligations. After these dates, no downgrades will be accepted. No changes will be made to financial aid accounts after charges have been placed on the (OASIS) account and disbursement of funds has been made by Financial Aid.
2. Cancellation Policy
All cancellations, regardless of reason, are subject to a \$50 cancellation fee. If you submit a medical reason that is approved prior to the start of the meal membership, the cancellation fee will be waived. All requests for meal membership cancellation as outlined below must be accompanied by documentation from USF that you have withdrawn from the university or graduated. The amount of your refund, if applicable, is based on the date we receive the documentation noted above. The refund value for all meal memberships, including block memberships and Dining Dollars accounts, is recalculated on a weekly basis throughout the semester.
 - a) If you officially withdraw from the university or graduate and you notify us prior to the start of the academic year, your meal membership contract will be canceled and you are entitled to a full refund.
 - b) If you officially withdraw from the university after the start of the academic year, or inform us of your withdrawal after the academic year has begun, you are entitled to a refund of the remaining value of the membership, as recalculated on a weekly basis with a \$50 cancellation fee.

3. Participants on the Any 15 Membership are entitled to one meal per meal period. Check facilities for posted meal period times.
4. Meal memberships are not transferable to others on the Unlimited and Any 15 Plans. Members may bring in guests with the Dining Dollar portion of their account only.

You may not take a seat in the facility once you have your carry-out box. No double portions on any one item. Only one beverage cup is allowed, and must be used for beverages only. The carry-out box must be fully closed when you leave (no filling up lid and base separately). If you require unlimited seconds, you must dine in. We offer one to go meal per meal period on all meal plans. Failure to follow these rules will result in the forfeiture of your carry-out privileges.

You can receive a temporary card from Dining Services for up to five days at a fee of \$10. You must give us a new card number within the five days, or your meal plan will be placed on hold.
