Helpful Hints for Party Planning

Food Quantities

The time of day and purpose of the occasion will influence the quantity of food you will need. If you are serving light snacks or refreshments during or near meal times, typically you will need a larger quantity than in-between-meal periods. The quantities planned for per person events are average size portions. We can help you determine the appropriate amounts for your group.

Pick-Ups

The most economical way to host a party is to pick up the food and set it up yourself. Orders can be picked up at the Residential Restaurant located in the Rosemary Ashburn Campus Center. We can help you with transport and loading - i.e., loaning a cart, etc. If you need assistance, it's helpful to ask at the time the order is placed.
